

FRED E. STERLING TURNS OVER \$391,386.28

EXPLANATORY LETTER ACCOMPANIES DRAFT TO STATE TREASURER

CALLS ATTENTION TO FORMER LETTER

Letter Says That Money is in Full for Collections That Became Due After He Retired from State Treasurer's Office—One Item Remains in Bank in the Hands of Receiver

(By The Associated Press)
CHICAGO, Aug. 23.—Fred E. Sterling, lieutenant governor of Illinois, who was recently indicted with Governor Len Small and Vernon Curtis, of Grant Park, Ill., on charges of embezzlement and conspiracy involving \$2,000,000 of state funds, today forwarded a draft for \$391,386.28 to Edward E. Miller, his successor as state treasurer.

Mr. Sterling's letter to Mr. Miller follows in full:

"When at the close of my term I turned over the office of state treasurer to you as my successor, I handed you a letter which read as follows:

"In turning over to you, as my successor, the office of state treasurer of Illinois, I beg to formally advise you that when all interest collections have been made by me and I have learned from Washington the definite amount of interest due the federal government on trust funds kept by it with the state treasurer, during that portion of my term for which such interest has not yet been claimed and remains unpaid I will turn in to you the remaining balance of the sum earned and received by me as interest on deposits of state funds during the period from May 31, 1920 to January 10, 1921. With personal regards and best wishes for success during your term of office, I beg to remain, very sincerely, Fred E. Sterling."

DAIL EIREANN IN SESSION TO CONSIDER REPLY

Cannot Delay Answer Much Longer, Followers Believe

(By The Associated Press)
DUBLIN, Aug. 23.—Of two meetings held at Mansion House today—that of the Dail Eireann to which the proposed reply of the cabinet to the British government's peace offer was communicated and that of the Sinn Fein executive committee—the latter was considered the more important and it is thought probable that it was to give the Dail further time to consider the cabinet's reply that an adjournment over Wednesday was taken after it had finished consideration of departmental reports and other business.

The Dail is now faced with the task of dealing with the cabinet's reply and it is considered it cannot delay its answer much longer. When it reassembles Thursday again in private session, it is likely to have before it the report from the Sinn Fein committee or at least it is believed the leaders will know what the executive committee thinks of the situation.

The executive committee is composed of representatives from every county and is the governing body of all Sinn Fein clubs in Ireland.

CANADIAN ROADS IN COMPETITION WITH U. S. LINES

Great Deal of Grain is Moved by Lake Route This Year

(By The Associated Press)
WASHINGTON, Aug. 23.—Witnesses for Western grain men testified before the interstate commerce commission today that eastern railroads had reduced rates on grain from Chicago to Atlantic ports for export in order to meet competition from Canadian carriers which previously had affected radical reductions. The hearings are being held to determine whether domestic rates on grain and hay shall be reduced. The grain men introduced the testimony they said to combat the testimony that the reductions on export grain would benefit the farmer and increase the amount of grain exported.

Over the objection of attorneys for the carriers their recent application for authority to reduce by 7 1/2 cents a hundred pounds grain freight rates from Mississippi river territory to the Atlantic coast was placed on record. It said:

To Meet Competition

"The proposed reduction is to meet competition from the lake and railroads from Chicago via Buffalo and the Georgian Bay ports. An extraordinary volume of the grain has moved from Chicago via the lake routes during the present season as compared with previous seasons.

Your petitioners do not feel they can further forego participating in this traffic particularly in view of the fact that at this time the volume of general tonnage moving is particularly light."

C. B. Bee, rate expert for the Missouri Railroad Commission, introduced statistics intended to show that the movement of grain from Chicago via the lakes never had been more than 4,000,000 bushels or an average of 14 per cent in any previous June, but due to the Canadian rates 14,000,000 bushels or 90 per cent of the total had moved by lake this year.

Language Objected To

Senator Reed's language as printed in the congressional record follows:

"Until the other day, I never had the pleasure of seeing the distinguished author of the Volstead act. His brief biography states that he was born in the United States. I am, however, informed he speaks a very broken English. I do not know what his ancestry may be, but I do know that I have gazed upon pictures of the celebrated conspirators of the past, the countenances of those who have led in fanatical crusades, the burners of witches, the executioners who applied the torch of persecution and I saw them all again when I looked at the author of this bill."

PANAMA ORDERS EVACUATION OF CITY OF COTO

Order is Given Tuesday by the Civilian Authorities

(By The Associated Press)
PANAMA, Aug. 23.—Coto has been ordered evacuated by the civilian authorities so that Costa Ricans on their arrival there will find no Panama government representatives. Ricardo Alfaro, secretary of government and justice made this announcement this evening.

The order will not reach Coto before Friday, as, owing to interruption of telephone communication between David and Coto, it will have to be transmitted by courier. The order of evacuation is the immediate result of the last note of Secretary of State Hughes to Panama saying that the United States would not allow a resumption of hostilities. Senator Alfaro says an answer to the note of Mr. Hughes will be forwarded to Washington tomorrow.

Altho the Panama government has notified the state department at Washington that no resistance will be offered the Costa Ricans in occupying the disputed territory at Coto, Narciso Garay, the Panamanian foreign minister who is now in Washington has been ordered to leave there immediately, but to file a protest with the state department.

ABERDEEN PASTOR KILLED BY TRAIN

ABERDEEN, S. D., Aug. 23.—Rev. William E. Gage, who with his wife, May Gage, was killed when their automobile was struck by a train at Sterling, N. D., was pastor of a local Presbyterian church. Word of their deaths was received here tonight by church officials. He came here October 15, 1920, from Des Moines where he held a pastorate for seven years. Reverend Gage was a brother of Henry M. Gage, professor of Coe College, Cedar Rapids, Iowa. He was chaplain of Sydney L. Smith post of the American Legion and had served overseas.

BRIEFS

(By The Associated Press)

HARRISBURG, Ill., Aug. 23.—Harley Miley was appointed postmaster here today, the appointment effective September 1st. He succeeds J. W. Savis.

HARRISBURG, Ill., Aug. 23.—Sheriff Cummins of Saline county seized a car load of beer consigned to Ledford here today. Analysis of the contents of several bottles showed a four per cent alcoholic content. The car was shipped from Marion.

CARMI, Ill., Aug. 23.—J. Frank Shuster, aged 19, of Carmi was instantly killed this morning when his horse balked on the Louisville and Nashville track in front of an approaching train.

JEFFERSON, City, Mo., Aug. 23.—Tim Birmingham, state fish and game warden today asked to vacate that office in favor of Frank Middleton, appointed by Governor Hyde. Under the agreement Birmingham and his deputies are to receive their salaries up to Aug. 16.

ST. LOUIS, Mo., Aug. 23.—Several hundred unemployed men marched thru the downtown streets today in protest against unemployment here. Decision of parade was made yesterday when 250 men applied for a single job at a 10 cent store. The marchers carried banners bearing such inscriptions as "St. Louis—First in Everything Except Work."

CHICAGO, Aug. 23.—The annual convention of the National Hay Association which opened here today with 500 members present, declared war on the motor truck and the efforts of truck manufacturers to supplant the horse.

The slogan of the convention prominently displayed was: "You can feed a horse for thirty five cents a day. Why buy an automobile truck?"

GRANITE CITY, Ill., Aug. 23.—More than 24 hours of questioning failed to shake Arthur Dorman, 34 years old, a farmer, in his insistence that he had not killed his wife.

BERLIN, Aug. 23.—The American milk cows which have been distributed thru Bavaria are declared to be better milkers than the German breed. The Bavarian farmers express astonishment that the American cows give about 20 quarts of milk daily after their first calf, which is double the quantity of German cows.

TUCSON, Ariz., Aug. 23.—Epas Randolph, one of the pioneer railroad men of the southwest, died here last night. His activities in railroad construction extended from the Rio Grande to Southern California, including Mexico and he also was interested in the general development of the country. For years he has been a sufferer from tuberculosis, but worked in his office the last day of his life. He was born in Virginia and was 65 years old.

CHICAGO, Aug. 23.—One alleged bandit was killed and two others captured after one had been wounded by a policeman this morning after they had held up and robbed a pedestrian. Joseph Pavlov of Chicago is the dead bandit.

CHICAGO, Aug. 23.—A project for the erection of from 3,000 to 5,000 homes at an estimated expenditure of \$5,000,000 to relieve Chicago's housing shortage was announced today by the secretary of a North side commercial association. The money, it was said, would be furnished by an organization of individuals operating without profit.

SOLDIER STAYS ALIVE—ARRESTED

Compensation.

(By The Associated Press)
CHICAGO, Aug. 23.—After twice being reported dead, twenty eight times wounded and on seven different occasions cited for bravery, Oscar L. Withers, of Chicago, was held on \$1,000 bond by United States Commissioner Glass today because he managed to stay alive. He had been arrested for an alleged war risk insurance fraud when the government discovered that his mother, Mrs. Sarah Bressler, of St. Louis, had received compensation just as if her son had been killed.

"I am not responsible for the mistake made by the government," said Withers. "I told my mother not to accept any compensation. I can't help it if I am not dead."

Withers was married three months ago.

OPEN SESSIONS NOT PROBABLE IN CONFERENCE

Understood United States Will Not In- sist on Them

(By The Associated Press)
WASHINGTON, Aug. 23.—A belief on the part of the administration that this government should not insist on open sessions at the disarmament conference became manifest today both in congress and among high administration officials.

In the senate the question furnished the theme for a colorful debate during which Senator Lodge the Republican leader who has been selected as a delegate to the conference led the fight against the American representatives to demand that the assembly powers sit with open doors.

At the same time among administration officials it was outlined as a definite purpose of the government to refrain from determined objection to secret sessions. Not only was it indicated as the belief here that delicate subjects could not be profitably discussed in the open but it was suggested that to insist on such a course might meet with such strong opposition from abroad as to wreck the whole program of the conference.

Publicity Prevents Frankness

Confirming reports from Berlin that the treaty negotiations with Germany are being conducted secretly at the request of the United States, high officials emphasized it as a conviction of this government that diplomatic conversations cannot develop a frank exchange of views if full publicity is given every step. So far as publicity may be given without endangering frankness and without offending other powers however officials are said to favor it.

STILL SOME HOPE FOR THE WEAK AND AILING CITIZENS

Congress May Recess Until Fall With No Action on Beer Bill

(By The Associated Press)
WASHINGTON, Aug. 23.—Congress was ready tonight to quit work tomorrow for thirty days regardless of what might happen to the anti-beer bill. Soon after adoption of the conference report on the measure by the house, it was sent to the senate, called up and given the right of way, but general agreement subject to displacement by a conference report on the agricultural relief bill. The senate remained in session tonight in order to have the latter measure before it as leaders had agreed that it was the most pressing legislation to be acted upon before the recess.

There were indications tonight that if prohibition leaders were bent upon keeping the anti-beer bill to the fore its opponents would attempt to talk it to death. The Republican leaders declared, however, if the farmer bill could be made ready for the president's approval, the recess would begin at the time set, leaving the beer question open for action in the fall.

Senator Sterling, Republican, South Dakota, chief of the senate managers, in explaining the compromise on the Stanley amendment relating to search of homes, said that under the compromise a home could not be searched except on a warrant obtained from a court, but that no warrant was required to search other property provided an officer had reasonable cause to suspect violation of law and was not actuated by malice.

WILL CEASE TRADING IN PUTS AND CALLS

(By The Associated Press)
CHICAGO, Aug. 23.—Trading in "indemnities," "puts" and "calls" as they were once and better known will cease on the Chicago Board of Trade, October 1. This was decided today following adoption by both houses of congress of the conference report upon the Capper-Tincher bill regulating the grain exchanges of the country which only waits the signature of the president. The signing of the bill would have abolished the "indemnities."

WOMAN CHARGED WITH MURDER

ADRIAN, Mich., Aug. 23.—Mrs. Mattie Kirby, of Hudson, widely known in Lenawee county as a temperance worker and club woman, was ordered held to trial today on a charge of having murdered a child born to her unmarried daughter, Alice Kirby, last July. The trial will be held in October, Mrs. Kirby was released tonight on \$5,000 bonds.

SIR SAM HUGHES DIES IN LONDON

LONDON, Ont., Aug. 24.—Sir Sam Hughes, former Canadian minister of militia, died at his home here early this morning.

PEACE TREATY OF U. S. AND GERMANY TO BE SIGNED TODAY

Cabinet Gave the Document Final Consideration at a Special Session—Ellis Loring Dresel and Dr. Frederick Rosen Given Authority to Sign for the German Republic

(By The Associated Press)
BERLIN, Aug. 23.—The peace treaty between the United States and Germany will be signed tomorrow.

The cabinet gave the document final consideration at a special session early this evening, which was attended by President Ebert.

The document will be signed by Ellis Loring Dresel, United States commissioner, and Dr. Friedrich Rosen, the German foreign minister, who has been empowered by President Ebert, according to the German constitution, to affix his signature in behalf of the German Republic. Mr. Dresel has received full credentials from the Washington government for signing.

Beyond the statement that the treaty formally provides for the restoration of friendly relations and immediate resumption of diplomatic and consular intercourse between the United States and Germany no information was obtainable tonight regarding the contents of the instrument.

It was intimated, however, that there are no provisions included in it for the precise treatment of financial, commercial and economic issues, which are still in abeyance. It is said that these will be made the subject of future negotiations.

CONFEREES ARE DEADLOCKED ON FINANCING BILL

Provisions for Assisting Export Credit Bone of Contention

(By The Associated Press)
WASHINGTON, Aug. 23.—House and Senate conferees on the administration bill for financing refunding operations and for stimulating exportation of agricultural products reported a deadlock tonight over provisions for assisting the export credit.

Chairman McFadden of the house conferees said the conference would not be resumed unless the senate managers agreed in principle to changes demanded by the house.

The bill would give the war finance corporation power to borrow on semi-government credit \$5,500,000,000, five hundred million dollars of which would be used for the purchase of railroad securities in connection with the plans already announced for funding railroad debts.

A senate provision to permit the finance corporation to lend money directly to European associations, municipalities, governments or others, was struck out by the house, which stipulated that all export loans should be made to Americans or American institutions. Upon this restriction Mr. McFadden announced, the house intended to stand. The house also struck out a senate provision authorizing the purchase by the finance corporation of \$200,000,000 of farm loan bonds, but on the house conferees expressed a willingness to yield.

Senate members were hopeful that the conference would be resumed, but both parties agreed that final passage of the bill even then might be delayed until after the recess.

DENY REPORT THEY ARE GOING TO RESIGN

(By The Associated Press)
BISMARCK, N. D., Aug. 23.—Governor Lynn J. Frazier, William Lemke, Attorney General and John N. Hagan, commissioner of agriculture today declared published reports that they intended to resign before the November election aimed at their recall, "an invention pure and simple."

Mr. Lemke gave out the following statement:

"I report that I or any other member of the state administration intended to resign prior to the recall election was fabricated by our opponents."

"Let no friend of the administration be uneasy and let no enemy of popular government be deceived. I accept the challenge of reaction inside and outside the state and we shall give them the greatest trouncing they have yet had."

Readers will find the article in this issue secured by Mr. Moore one of most interest to many families of this county. It traces the history of some of their relatives from Ireland thru Pennsylvania, Virginia, Kentucky, Illinois to the Pacific, and they have been prominent and valuable citizens all over the long road.

The Kansas industrial court at one of its investigations has found that there is a variation of at least \$1 a ton in the cost of the production of coal. Nevertheless, mines all sell their product at the same price. That is one trouble

better fitted to discharge the duties of that office. Gen. Wood was first sent to the islands in March, 1903, and for 13 years he has kept in close touch with the development of the government towards its far eastern possession.

For three years Gen. Wood was governor of Moro Province, admittedly the most difficult of administration in the whole archipelago, and for two years he was commanding officer of the military division of the Philippines. His recent tour of investigation in the islands has thoroughly familiarized Gen. Wood with conditions in the islands as they are today and the present needs of the people. The University of Pennsylvania is to be commended for its generosity in granting Gen. Wood leave to perform another great service to his country.

The wooden ships which represent one of the many colossal mistakes of the former administration, have been sold, netting the government about 1 cent on the \$1 of cost. Probably this was the best sale that could be made under all the circumstances, and the next best thing will be to forget about the wooden ship deal just as soon as possible.

An audience of 1500 gathered at Petersburg to hear an address by Congressman Landis of Indiana. If the Petersburg people had been fortunate enough to sign Judge K. M. Landis for their chauntauqua event they would have had an audience of 15,000.

Senator LaFollette again takes an unpleasant role in his criticism of President Harding for opposition to the soldiers' bonus bill. This action on the part of the president has been supported by most thoughtful people as an unpleasant but necessary duty, in view of the government's unfortunate financial condition.

ARTISTIC WAR MEMORIALS

Henry J. Haskell, of the Kansas City Star, in the September number of World's Work:

Every war produces its memorials. A nation's gratitude to its defenders naturally expresses itself in permanent symbols. Their type suggests the general culture of the period. As, for instance, the Civil War statues that dot the country—the soldier on guard in cap and cape; the ornate and conventional shaft. It would be possible to write a fairly adequate commentary on American cultural development from a study of the statues and monuments in Washington.

One of the important influences in the artistic growth of the United States in the next few years will be the sort of memorials that will commemorate the devotion of the men who served in the World War.

It is a matter of satisfaction to the country at large that Gen. Wood has consented to accept appointment as Governor General of the Philippines. Probably there is no person in the United States

better fitted to discharge the duties of that office. Gen. Wood was first sent to the islands in March, 1903, and for 13 years he has kept in close touch with the development of the government towards its far eastern possession.

For three years Gen. Wood was governor of Moro Province, admittedly the most difficult of administration in the whole archipelago, and for two years he was commanding officer of the military division of the Philippines. His recent tour of investigation in the islands has thoroughly familiarized Gen. Wood with conditions in the islands as they are today and the present needs of the people. The University of Pennsylvania is to be commended for its generosity in granting Gen. Wood leave to perform another great service to his country.

AND YET WE KICK

I am writing this in my living room at my home on a typewriter that weighs no more than a moderate sized book.

Light is provided by a lamp in which burn two incandescent bulbs.

In an adjoining room is a telephone from which I can talk to an entity on this continent.

On the wall is a thermostat which regulates the flow of gas in my furnace and keeps the room at an even temperature of 70 degrees.

Almost with arm's reach are several shelves of books, filled with the most profound and beautifully expressed thoughts of the ages.

The floors of my home are cleaned with a suction sweeper, operated by electricity, while the clothes are put thru an electrically driven mangle.

My children attend school where they are given a better education than the sons of kings could command a century ago.

I enjoy all these things and yet I am just an ordinary citizen with an ordinary income, living in an ordinary way. Tens of thousands have as much as I and more.

And yet I kick and wonder what all the world.

Were the good things of life ever so easily at the command of the ordinary man as they are today? Don't we all do a lot of weeping that we haven't any right to do? And if we are not careful, isn't there a danger that we will upset the greatest civilization the world has ever known?—William Feather in the Philadelphia Public Ledger.

PAST THREE MONTHS BROKE HEAT RECORDS

Was Warmest Similar Period in Climatological History of Illinois—Chicago's Mean Temperature Highest on Record.

Springfield, Ill.,—Illinois heat records galore were scattered in the past three months, according to figures of the weather bureau here.

Since the warm period began May 17, there has been but seven days when the temperature was below normal. This represents the warmest similar period in the climatological history of Illinois.

Only two July 5, 1901 and 1916, have had a higher average temperature.

At Chicago, the mean temperature was the highest in the 51 years of record, and the number of days above 80 degrees also makes a new record.

Spring grown grains all over the state were hurt by the intense heat. On July 4, the heat caused an "explosion" of the street pavement at Rockford.

The number of days in July in which the temperature reached 90 degrees or higher are: At Rockford (north) 27; Decatur (central) 28; and Carbondale (south) 31. At Carbondale, the temperature reached 100 degrees or more on 12 days. The highest station readings ranged from 97 to 105 degrees, and occurred on several dates.

The lowest station readings ranged from 47 to 67 degrees and occurred at practically all stations on July 21 and 22.

There was a smaller number of days with less than .01 inch of rain than in any but one previous July, and the number of clear days was greater in but two. At Mt. Vernon, the total rainfall for July was less than in any previous July, but an exception was experienced at Morrisville with 8 inches of rain, the greatest on record.

Rains were entirely of the local shower type, and as a result was insufficient for the needs of agriculture. Corn had made wonderful growth early in the season, but by the end of July it was fledging in many places in the north, and quite generally in the central and southern counties.

Corn suffered considerably from the dry weather. The showers that fell during the last few days afforded relief in places.

The weather was favorable in July for haying, harvesting and threshing operations, and the harvest was completed.

During July, lightning caused the loss of a barn and contents near Harrisburg, and four horses were killed near Beardstown. Local wind squalls caused minor damage in Alexander, Morgan, Sangamon, Tazewell and Will counties. There were damaging wind storms in Pope, Saline and White counties on the fourteenth, and in Alexander, Franklin and Pope counties on the 31st.

On the last named date two persons were killed at Golconda and one at Benton, and at Cairo a 60-mile wind caused \$5,500 damage to property. Corn suffered some damage locally by wind and hail. Cellars were flooded at Joliet on the 14th and a railroad track was washed out at Gilliam on the 28th.

MOST FARMERS PREFER CITY GIRLS TO BOYS

Chicago.—Farmers of Illinois and their wives prefer city girls. That is, this is indicated by the request from farm homes received by the Illinois Agricultural association in its co-operative endeavor, with the Chicago United Charities and the Chicago Daily News to give some Chicago "kids" a two-weeks vacation on the farm.

Applications for permission to provide a vacation time for some of these needy youngsters, have been made by 260 farmers of Illinois, and many of them have already proved to the little vacationists that there is real fun on a farm. Other applications are being made at the rate of ten to twenty a day. The rule thus far is that most farmers want girls.

"Would like for you to send me a little girl with good disposition and bobbed hair," reads the letter from one farm home.

"Here is a picture of my two little boys," reads another letter. "Send me two little girls about the same age."

Many of the farmers not only offer a two week's vacation but would make it three or four weeks and some even volunteer to provide a home for the winter, and send the little boy or girl to a country school.

TO DISCUSS PLACE OF WOMEN IN JOURNALISM

Warren, O.—An American woman has been chosen to discuss the place of women in journalism at the World's Press Congress at Honolulu next October. She is Mrs. Zell Hart Deming, manager of The Warren Tribune for 29 years.

Mrs. Deming has been appointed a delegate to the congress by the American Newspaper Publishers Association, the Inland Press Association and the Associated Ohio Daily Press. She is a member of the Central Division advisory board of The Associated Press.

"Sentiment should not be laid aside in managing a business if you want to be really successful in the best sense of the word," is a conclusion Mrs. Deming has arrived at in her newspaper work.

"Good housekeeping is needed in the printing plant, as in the home," is another, and she has followed this out by installing the last word in every kind of printing machinery. She has taken especial interest in the mechanical end of her paper.

Mrs. Deming is planning to take her daughter with her to Honolulu.

FAMILY REUNION AT SCOTT COUNTY HOME

Home of Edward Gillham West of Riggston is Scene of Pleasant Gathering—Other Winchester and Scott County News.

Winchester, Aug. 23.—The home of Edward Gillham and family west of Riggston was the scene of a pleasant gathering of relatives Sunday. There were about thirty-four present and all thoroughly enjoyed the event. At noon a splendid dinner was served on the lawn by the Misses Gillham, and afterward several hours were spent with games and music.

Among those present were Dr. Crum and family of Waverly, Dr. R. R. Jones and family, Woodson, Mrs. Nannie Westover and family, Springfield; Charles Jones and family, Springfield; Mrs. Edith Dunlap and Miss Josephine Pyatt, Jacksonville.

A booster meeting in the interest of the chauntauqua was held Tuesday evening on the square. The sanior high school was furnished music and there were several brief addresses, all tending to add to the interest in the coming chauntauqua.

Miss Pearl Claywell has returned from California, where she spent the winter and the greater part of the summer months.

The many friends of Jesse Glos and Miss Ruth McLaughlin were very much surprised to know of their marriage in Jacksonville Sunday. Both are prominent young people of Scott county and their many friends join in extending congratulations.

Friends here have received invitations for the wedding of Glenn Dunbar and Miss Osa Lent, both of Chicago. The ceremony is to take place in Chicago at an early date. Mr. Dunbar was teacher of agriculture in the Winchester high school the past winter.

Alonzo Campbell was quite painfully injured early Tuesday morning when the automobile in which he was riding overturned. Mr. and Mrs. Campbell and baby and Mr. and Mrs. Walter Smith were enroute to Chandlerville to attend the Baptist association meeting when the accident happened. Facts about which will be found in another column of this issue.

CHAULMOOGRA TREE TO BE GROWN HERE

Oil Is Used For Cure of Leprosy—Buddhist Histories Tell of Use of Oil for Medicinal Purposes for 1,000 Years.

Washington.—Introduction in the United States of the chaulmoogra tree to assure a permanent supply of the oil for the treatment of leprosy is planned as a result of a trip thru Siam, Burma and Assam by Prof. J. F. Rock, formerly of the University of Hawaii.

Prof. Rock has just returned to Washington after an extensive exploration into the jungles for the Department of Agriculture's branch of foreign seed and plant introduction. He brought back with him several specimens of the "taraktogenos" tree, the seeds of which have been sent to various experiment stations of the department in Florida, Maryland and California for germination.

Within eight years it is believed enough fruit will be borne from these plants to initiate a domestic source of supply of chaulmoogra oil.

Within the possible exception of a man named Kerr, an amateur botanist, Prof. Rock is said to be the first white man to invade the region of Siam where he obtained his specimens. Natives of the country for many years had visited the taraktogenos forests to gather enough of the oil to meet their domestic needs, but they made these trips only every three years for fear of the beasts that inhabit the wild country.

While the chaulmoogra oil has been used scientifically for only a few years, Prof. Rock says the natives of that part of Asia which he visited have been using the curative properties of the taraktogenos tree for hundreds of years, but in such a crude way as to be unable to derive its complete benefits.

"In the Buddhist histories that date back 1,000 years there are mentions of this tree," Prof. Rock pointed out, adding that "the crucifix of the tree was taken internally by the natives and the legends say it was effective."

It was not until 1899 that the active principles of the oil from the seeds of the taraktogenos tree were isolated with success. This was done by Dr. Frederick B. Powers, now connected with the department of agriculture here, after extensive scientific experiments made in England in 1850 had resulted in the discovery that the wrong tree was being used in extracting chaulmoogra oil.

Application of results obtained in Dr. Powers' researches by Dr. A. L. Dean, president of the University of Hawaii, and others has led to a widespread use of the oil in leprosy cases.

WITH THE SICK

J. R. Mawson, who has been at the home of his daughter, Mrs. Charles T. Mackness for several days since leaving the hospital, expects to return today to his home on Greenwood avenue.

WOODSON BANK ROBBED OF CASH AND BONDS

Yeggs Secure \$100 in Cash and \$4,500 in Bonds and War Savings Stamps at Early Hour Tuesday Morning—No Clue as to Identity of Robbers.

The Woodson State bank was robbed Tuesday morning, and \$100 in cash and bonds and war savings stamps to the approximate value of \$4,500 stolen by yeggs.

By crude methods the outer door of the vault was knocked from its hinges and the bonds and \$100 in cash taken from the outer compartment of the vault. If the yeggs had penetrated the inner section of the vault the theft would probably have amounted to thousands of dollars. The robbers jacked six employees of the Chicago and Alton in their bunk car on the tracks just a short distance from the bank, before they started work on the vault. The employees however, thought the village marshal had locked them in.

The news of the robbery was not generally known until seven o'clock Tuesday morning. Officials in all central Illinois towns were immediately notified and Sheriff Weatherford and Deputies Andrews and Roach went to the scene of the robbery. The thieves are believed to be headed south.

Four suspects were seen by a Woodson citizen at a late hour. They were sitting on the railroad track near Woodson, but the citizen believed them to be road employees and made no mention of the matter. A large car was also seen racing southward by several farmers and by Marshal Hough at Murrayville and it is believed that the robbers are making for Alton or East St. Louis.

A WORTHY VETERAN

The venerable J. B. Turner of Astland was in the city yesterday visiting his long time friend, George T. Douglas and others whom he knows. The 83 years old Mr. Turner is wonderfully well preserved and has many vivid recollections of his service in the 32nd Illinois Infantry during the Civil War. It was largely recruited in and about Normal and was called the school teachers' regiment, but it did valiant service.

Among the members of that regiment was J. B. Williamson and Mr. Turner had the pleasure of seeing that name on the monument in Central park. The regiment had a great many adventures and hardships as had all those which went thru the three years through the south or portions of it.

At one time they were moved and had orders to disembark at a certain point in Texas but a rebel force and fortifications there hindered the project and they went farther along and left the boat near Corpus Christi. A rebel fort was taken and the regiment had orders to that effect. Mr. Turner said one day while the regiment was being raised two barefooted boys came from a farm to enlist. Their name was Filer and one of them was later governor of Texas and is now a highly respected resident of Bloomington. The night before the battle the older Filer boy was taken sick and the lieutenant told him not to try to go into the fight but he replied he had come to do his duty and he went and was killed and Mr. Turner saw the body carried out on a stretcher.

The rebels did some pretty good shooting. One cannon ball took a knapsack from a man's back, buried itself in the earth and in doing so knocked a man heels over head. They thought he was killed but he was up in a moment and in ranks again.

Mr. Turner and his mess were eating supper when they saw a missile coming right toward them. He told them all to lie flat which they did for it was a shell the pieces after explosion would be less likely to strike them.

The thing came right along and could be seen plainly. It struck the ground not far from the men and rolled into a small depression and remained there. Mr. Turner said he thought he would reconnoiter a bit as the thing failed to explode. He went up to it and saw it wasn't smoking and closer examination showed it to be a sixty pound solid shot.

The conditions were such as to try men's souls as there was only a long, level open space between them and the rebel fort but it had to be taken but when night came on the rebels deemed discretion the better part of valor and blew up the fort and made their getaway.

Away down there rations were hard to obtain and many times their food was such as could be secured in any way. Sometimes it had been preempted by living creatures but it was all they had and it was eat or starve.

It is only fair to say that Mr. Turner mentioned the foregoing in private conversation which he had no idea would appear in print.

A. C. Rice was talking about this situation yesterday and said: "I have never had such a difficult time in all my experience in arriving at a decision as to the best course to follow in selling grain that I handle for myself and for others. On several farms we have today several thousand bushels of corn of the 1920 crop. The prices have been so low in recent months and with a continued downward trend, that I have hesitated to sell. Now there is every indication of a heavy yield of corn the country over, and with the possibility of still lower prices."

"On the other hand, there are some reports to indicate that the estimates of corn have been too large and that the crop will not come to expectations. With what it has been a little different, all the several of the tenants in whom we are interested are still holding their wheat. On one farm we sold the wheat at \$1.17 and I considered that a good sell. On other farms because the price dropped sharply lower than that figure the wheat was put in the granary and we are satisfied to hold it with the expectation of receiving a better price later on."

"The reports all go to indicate a much shorter crop of wheat than of corn and most of the talk that one hears or reads about suggests higher prices for wheat later on. It is quite possible that the agitation there has been on the part of farmers organization and the general co-operative movement, together with the agitation for new laws governing speculation and marketing have had some depressing effect on market conditions. Some features of the movement toward supervision or control of conditions have not been pleasing to those who deal largely in grain and it is possible that they are holding themselves aloof and not buying as they have in the past. This if applied to many of the larger operators would be likely to be reflected in general market conditions."

"Whatever way you consider the question there is no denying that the farmer at this time faces difficult problems in arriving at a decision as to the best time for marketing the grain or other products of the farm."

No doubt one reason for the heavy shipment of livestock to the terminal markets is the belief on the part of the farmer that prices are to be lower. The average farmer and stockman pays little attention to the warning about shipments, but does keep in mind the fact that almost every day recently has shown a lower price and the further fact that the records for years back will indicate that considerably lower prices may be expected in the course of a very few weeks.

Then there is the knowledge that livestock prices, especially those applying to hogs, are out of line by comparison with the prices for corn. The feeling prevails quite generally that the late fall weeks will see hogs selling here at 6 to 7 cents a pound, which will mean a very sharp decline from the present prices. However, there is nothing discouraging in that prospect, for 50 cent corn can readily be fed to 6 and 7 cent hogs and show a substantial profit.

Another encouraging thought for the farmer is that many a field in Morgan county will this year probably show a yield of 65 to 80 bushels per acre. Many of these same fields last year produced from 30 to 40 bushels per acre. With the yield nearly double, the farmer can stand a 50 cent price and still show quite a decent profit.

Men's Pajamas and Night Shirts are included in the Reconstruction Sale at FRANK BYRNS Hat Store.

TO USE LABOR SAVING MACHINERY

Contractor Lonergan Has Industrial Railroad as Part of Equipment for Hard Road Work.

The work preparatory to building of the hard road is being pushed forward rapidly by Contractor Walter Lonergan. Additional equipment was unloaded yesterday. The industrial railroad track is of sufficient length to reach from Arnold station to the end of the hard road already constructed. Dump cars will be used and all material will be hauled in this way from the Wabash side track. When the work between Arnold and the present terminus of the hard road has been completed, the industrial track can be laid in the opposite direction from Arnold and is of sufficient length to reach fully half way to Orleans which arrived yesterday were the pumps and pipe to be used in the transmission of the water. The station. In fact, the stations all along the line are so located that the industrial track will make it possible to transport the materials from the railroad to the place of construction without the use of teams.

Included with the equipment supply for the present is to be pumped from a pond near Arnold and the pipe will be laid along the roadway. The water supply for a job of this kind is quite an important item in the expenses. Water of course is necessary in the mixture of the concrete and the farther the water must be hauled or pumped the greater the expense attached.

Mr. Lonergan has quite complete equipment for the work he has undertaken and if any additional labor saving machinery can be utilized to advantage he will add it to the equipment already on hand.

THOUSANDS IN WORTHLESS BONDS ARE ON MARKET

This is Belief of Officials Investigating Alleged Band

(By The Associated Press)
CHICAGO, Aug. 23.—Untold millions of dollars worth of worthless notes, stolen bonds, fraudulent deeds of trust and forged certificates of deposit have been flung on the markets of the country federal agents declared today after investigating the operations of a

band alleged to have been headed by Charles W. French and John W. Worthington.
Banks, bond houses, investment security brokers and wealthy business men from coast to coast were declared to have been the victims or dupes of one of the most gigantic swindles ever unearthed by department of justice agents.

Six million dollars worth of stolen bonds, nearly \$3,000,000 in worthless notes and hundreds of thousands of dollars worth of trust deeds and forged certificates of deposit have already been traced by department of justice agents, it was declared.

The revelations resulted from a detailed confession accredited to Alva W. Harshman who was de-

clared to have been a private secretary to French and who surrendered to federal officials today. Harshman was alleged to have told of a deal negotiated by French for the purchase of a bank in the middle west that involved the exchange of \$800,000 in cash.
A Washington, D. C. man, according to Harshman, was to obtain certified checks for \$500,000 there. These checks, he said, were to be presented to the bank owners and when the bank gained control of the establishment they were to cash all the certificates of deposit the bank owned. The money, he said, would then be forwarded to the Washington man who would deposit it before the certified checks on the original transaction were cleared and returned. Many other deals of a like type were also described.

In another case it was asserted a large amount of stolen securities were placed with a small country bank in return for a certificate of deposit.

The deposit slip was cashed and the bank left holding the security which would be identified when presented.

The Hit of the Fashion Show

The above cut of Maribelle Carpenter the four year old tiny star who appeared at the fashion show held last evening. She is so tiny that she was brought on the stage in a hat box and her opening number Alice Blue gown was very appropriate for the occasion.

Among the number of songs she sang was Daisy Days and the above picture is a reproduction of her in a field of daisies as she appeared at a child's benefit performance held recently at Champaign, Illinois.

Little Maribelle was repeatedly encoored but was prepared for the occasion as she has in her repertoire 24 song numbers. That is a remarkable fact for a child of four years of age.

At the end of one of her song numbers she was presented with a beautiful bouquet of American Beauty Roses.

PLANS IN MAKING FOR NATIONAL SWINE SHOW

New 800 Pen Hog Barn in Course of Construction at Peoria. District Fair Grounds—Entries to be Closed September 17.

Peoria, Ill.—(By A. P.).—Completion of the new hog barn at the Peoria District fair grounds, which is to house the Sixth Annual National Swine show, October 3 to 8 will provide 800 spacious pens and full equipment. The work will be done by the middle of September, and on September 17, the entries, which it is announced, are open to the world, will be closed.

College student judging and boys' and girls' pig club shows have a prominent place on the program, which has just been announced by the secretary, W. J. Carmichael of Chicago. Prizes totalling \$1,000 are offered the Pig Clubs, whose members will exhibit their stock as well as participate in the judging contests.

Five more college students judging teams will enter the lists than at any of the previous shows. They will be the center of attraction at the opening of the show Monday morning, Oct. 3. The same morning the Boys and Girls judging contest will be held, and at 10 o'clock that afternoon the Boys' and Girls' pig club show will open.

That evening there will be a banquet for college team coaches and judges of judging contests.

On the second day judging of Duroc Jerseys and Berkshires will start, and in the afternoon the judging of Tamworths. That evening there will be the annual banquet of the National Swine Growers association. The annual convention of the association will be held in connection with the show this year, for the first time.

Judging of Poland-Chinas and Hampshires Wednesday morning, Oct. 5 and Yorkshires that afternoon, and Chester Whites and spotted Poland-Chinas Thursday will conclude most of the work and on Friday morning all unfinished judging will be completed.

Judges of the show as announced by Secretary Carmichael will be as follows:

Berkshires—E. J. Barker, Thorntown, Ind.
Chester Whites—Frank Sherer, Joy, Illinois.

Duroc Jerseys—W. J. Flits, Galatin, Tennessee; Ortel Lininger, Fairfax, Missouri.

Hampshires—Seth Hadley, Indiana. Consulting judge—R. L. Pemberton, LeGrand, Iowa.

Poland-China—L. A. Weaver, Columbus, Missouri.
Spotted Poland-Chinas—H. H. Kildee, Ames, Iowa.

Tamworths—C. C. Roup, Iowa City, Iowa.

MACHINISTS OFFICERS REFUND SALARIES

Washington, Aug. 23.—Staff officers of the International Association of Machinists have decided to refund to the association their salaries for August it was announced today to be used in relief of unemployed members of the association.

The combined salaries to be turned back total about \$10,000. While the action so far taken covers salaries for August only, it was stated that similar action might be taken from month to month if the situation continues and as long as personal assets of the donors hold out. The officials refunding their salaries include the international president, ten international vice-presidents, the secretary-treasurer and seven auditors.

MINERS WILL NOT HEED DAVIS' REQUEST

(By The Associated Press)

ATLANTIC CITY, N. J., Aug. 23.—Secretary of Labor Davis has been notified that his suggestion that the United Mine Workers consider wage reductions at the coming convention in Indianapolis will not be heeded, W. L. James, executive representative of the mine workers at Washington announced tonight.

Mr. James, who came here today with James Lord, head of the mining department of the American Federation of Labor to see Samuel Gompers, also said that the mine workers had asked the government to keep its hands off in wage negotiation matters. Acting for his organization Mr. James said he had made several visits to the department of labor and that Secretary Davis suggested that the miners should consider immediate wage reductions or at least take this matter up at their convention to open in Indianapolis on September 20.

"We formally notified Secretary Davis that the miners would not consider the question of wage reduction," said Mr. James.

"We however, informed Secretary Davis," added Mr. James, "that the miners would be willing to enter into conference with the operators and the government to discuss any plan looking toward furnishing permanent and more steady employment to the miners."

"I understand that Secretary of Commerce Hoover and Secretary Davis have such a plan under consideration," he added.

MANDATORY INJUNCTION ISSUED BY COURT

Harrisburg, Ill., Aug. 23.—A mandatory injunction was issued in circuit court today by Judge Hartwell against the Southern Illinois Railway & Power company ordering that company to comply with the terms of the franchise which calls for hourly service each way between the two cities. Two weeks ago the company reduced service to one car each way every two hours. The city council asked an injunction which resulted in today's order that hourly service be resumed by next Monday.

Bloomington, Ill., Aug. 23.—The Illinois State convention of the Ancient Order of Hibernians opened here today. Routine business in secret sessions of the order took up most of the day.

OLD JACKSONVILLE

THE McCONNELL FAMILY

(BY ENSLEY MOORE)
Member Illinois State Historical Society

NOTE: This story is one of wide interest to our Morgan county and Illinois people.

This name is spelled with two F's, and is not in any way connected with the Murray McConnel family, which only used one F.

The narrative was written by Mrs. Martha E. Munson, of San Francisco, California, who is a daughter of Charles R. Willson, son of Judge Aaron Willson, and Mrs. Munson's mother, Mrs. C. R. Willson, was a daughter of the John McConnell referred to in this article as coming here in the Thirties. The C. R. Willsons lived in the house still standing, next south of Mr. R. R. Stevenson's on Prospect street—west side—between State and College avenue.

The McConnell's lived across the Beardstown road, just opposite old Baker Daniels' corner, about two miles north of here. Judge Willson built, and lived in, the two story frame which first occupied the site of the Norbury Sanitarium, on the Mound Road.

The McConnell family, the following is about the substance of what I have regarding the McConnell family collected from various sources.

McConnell was scurried from McDonnell, at one time one of the largest and most influential of the Scottish highland tribes or clans. The distance from this part of Scotland to County Antrim, Ireland is about 20 miles. In the

time of Queen Elizabeth, on account of the rebellion of the Irish at Antrim, their lands were confiscated and the Presbyterian Scotch were invited to go over and take what they could from the Catholic Irish. In this way the northern part of Ireland became Scotch-Irish, and in this way the McConnell's settled in the north of Antrim. * * * Robert McConnell, the head of the family in America was born in sight of "Shanes Castle," in 1696 came to Pennsylvania, and settled in Cumberland County in 1730, died in 1771. He married Rosanna Lanham, also from County Antrim, who died in 1779. Their son, James McConnell born 1743, died 1807. Soldier of the Revolution, married Rebecca McConnell born 1759, died 1803. Their descendants settled McConnellville, Ohio.

William McConnell (my great grandfather) another son of the above Robert was born 1741—died 1824. Together with Andrew McConnell, Francis McConnell and others came from Pennsylvania and Virginia, down the Ohio in a canoe to the mouth of the Kentucky river and up stream to the Elkhorn region. William had explored the country in 1762. In 1775 William McConnell, his brothers, and cousin Robt. Patterson left Pittsburgh, took horses and cattle driving them to Kentucky. Cabins were erected and corn raised near Harrodsburg, in

the whole starry firmament. All the stars of God's heaven seemed falling from their places toward earth. Thinking that the world had come to an end he quickly aroused the sleeping family, all of whom stood by the roadside, awed and trembling, and watched with white faces and quivering eyes, that strange event—"The falling of the stars."

After weeks of travel and many hardships they found themselves, at last, on the old black soil of Morgan county. The family settled north of Jacksonville, on the Beardstown road. Here, one year later, the father died. He served in the war of 1812 under Capt. Robt. Stamps in the regiment of Kentucky Mounted Volunteers. The death was soon followed by that of Elizabeth, his wife. His age was 60 years, his wife's 51 at the time of their deaths. He was a man beloved by all who knew him. Even the black faces that surrounded him back on the old plantation never changed from "fear" of him. He was a slave owner, but one whose conscience ever prickled him that he, good Presbyterian, had in bondage a human soul. "There came a day when he gave to each their freedom. That he was loved by them the following pathetic story will show: One day, some months after settling in their new home, some one of the family happened to look out of the window in the direction of town. On the road slowly approaching was a dilapidated object which seemed scarcely human, so spent and bedraggled he looked as he painfully limped along. As he came near the house all conjecture as to whether he was really a human or not, ceased, for they recognized in him "Old Uncle Harry," my grandfather's body servant of former days. The old faithful black man not being able to stand the loneliness, after years spent in the family had followed his beloved "Marse John" all the way from Kentucky to Illinois and had walked all the way.

Of the children of John and Elizabeth McConnell, who were married in, and some of whom were life long residents of Morgan county, I will give the following data: William Claiborne emigrated to California and is buried here in San Francisco not a half mile from where I write. Sam'l Willis married Etsy Dickerson of Kentucky. They lived on the old farm on the Beardstown road across from the old Daniels place. They were the parents of four children. Mrs. Dave Taylor of Jacksonville and Mrs. Jennie Simpson of Murrayville. Jane Shelton married Elliott Hughes and moved to Missouri. Their children were Judge Elliott Hughes of Montgomery City, Blanche, Tandy, Robert, and Mrs. Doctor Jones of Milton, Ill. Mary Ann, married Elias Norton, went to Troy, Mo. Their children were William Mary, Congressman Dick Norton whom Champ Clark defeated in his last run for congress, and Porter. Julius married a French lady from Mississippi, died one year later in New Orleans. Nancy Mourning, (my mother) married Charles R. Willson, lived for many years on Prospect street—died in 1881. Married in Jacksonville and spent their lives there. Charles R. Willson was the only son of Judge Aaron Willson, one of the pioneers of Morgan county. He was born in New Jersey of Quaker parents, but after his marriage to my mother both joined the Methodist church, then the old "West Charge" later Grace E. E. He attended Illinois College when it was first founded when Edward Beecher was president. He knew the "old ground" when there were only a few scattered houses here and there and from the Willson homestead on in toward town great forest trees grow this thru which a path ran east from the college grounds. On this path, as a boy, he went and came, and one evening he struck the path leading up to the college grounds later than usual—night had settled down and in the gloom of the dark trees directly in his path he saw glowering at him two great fiery eyes. He knew it was useless to turn and run and the nearer those eyes approached the more frightened he became. At last a great dark form bounded toward him and a familiar "whine" told him he had encountered nothing more formidable than the old family dog, come to meet him. He passed away in 1873 or 4.

I can pay no greater tribute to C. R.'s wife, my mother, than to say she brought 9 children into the world, lovingly reared 7 of them and saw them all pass out again from her sight, but two. These children were, John, William, Linnie, Lida, Nannie, Warren, Martha and two who died in infancy. William married Mollie White of Missouri and moved to Colorado, died 1915. Linnie married John Murray of Murrayville, died about 1895. Nannie married Charlie McConnell, died about 1870. Lida married James Cruise, died 1881. Martha married A. T. Munson of Chicago, only surviving member of the Willson family. * * * Martha McConnell married Jesse Henry for many years residing on the old Henry homestead two miles southeast of Woodson (The old stamping ground) we used to call it. She was known as "Aunt Martha" and loved by the whole countryside, and her wonderful "hot biscuits" and "fried chicken" are a haunting memory in this day of attenuated incubator cultures to this writer. She died about 1909 aged 92 years. Their children were William D. who married Molly Vasey, deceased, of St. Louis. He lives on his farm two miles south of Woodson. Margaret married Capt. John E. Wright, deceased, lives in Jacksonville. Edward, now deceased, married Elmira Duckett of Jacksonville. Samuel married Lina (the daughter of Jacksonville) the

BOY SCOUT COUNCIL
DISCUSSED LAST NIGHT

Business Men Have Asked for Return of Application Made for Charter.

A meeting of citizens who have been interested in the formation of a second class Boy Scout council was held last night in the Y. C. A. rooms in the Scott block. John S. Hackett, who is chairman of the committee, presided and J. Findley served as secretary. Various matters relating to Boy Scout work were discussed. At a meeting several months ago it was decided to make application for a charter for a second class council here. Then necessary application was made to the New York office, together with the requisite "required". There has been some correspondence since that time but thus far the charter has not been issued.

Last night upon motion of Rev. V. Gowdy, with a second by Harry Walker, it was decided to ask for the return of the fee and the application. Several months ago there was a discussion of a proposal to organize a first class council here, but nothing definite was accomplished. The organization of a first class council would require the employment of an all time Scout executive. The citizens who made application for the second class council charter have felt that it would be well to have such an organization, at least until such a time as the funds necessary for the expenses of a first class council are available. It is estimated that it would require \$5,000 or \$6,000 a year for the maintenance of a first class council.

RECEPTION FOR NEW
MANCHESTER PASTOR

Members of Christian Church Tender Reception to Rev. B. M. McCormick — Other Manchester News.

Manchester, Aug. 23.—Members of the Christian church held a reception Tuesday evening at the church for their new pastor, Rev. B. M. McCormick. There were thirty or more in the company and several hours were pleasantly spent with games and conversation. Light refreshments were served during the evening.

The remains of the late George Lemon arrived Tuesday afternoon, accompanied by Mrs. Lemon and two children and Harry Bushnell, who left this community about a year ago for Wyoming and located near the Lemon homestead. Funeral services will be held at 3 o'clock Wednesday afternoon at the Baptist church.

Mr. and Mrs. John Duncan and daughter Hazel, Mr. and Mrs. Henry Hudson, spent Sunday with Mr. Duncan's brother, Francis Duncan in Springfield. The latter has been seriously ill, but is now improving.

Everwear Hosiery for Women or Men, are included in the Reconstruction Sale at FRANK BYRNS Hat Store.

HE FOUND HIS BROTHER

Word was sent here that J. M. Wilday of the vicinity of Meredosia had wandered from home and aid in finding him was asked. The man's brother W. H. Wilday, came up from Meredosia and finally located the ailing man who evidently has suffered from mental troubles till he was unable to give a clear account of himself. He was taken in charge by the brother and will be cared for all right.

John Jeffries was up to the city from Murrayville yesterday.

Social Events

Philathea Circle Met Monday Night.

The Philathea Circle of Central Christian church met at the church last evening at 7:30 o'clock with the Misses Stella Bambrook, Pearl Gard and Katie V. Clarkson as hostesses. The evening was given over to social and business matters there being no program. The regular meeting was to have been a picnic at Nichols Park but the weather prevented.

Birthday Surprise for Mrs. Henry Toensman.

Tuesday was the birthday of Mrs. Henry Toensman, residing north of the city, and the occasion was most fittingly observed. Mr. Toensman planned a birthday surprise party for his wife and invited fifty or more of their neighbors and friends to spend the afternoon at their home. Mrs. Toensman was taken altogether by surprise but this fact by no means prevented her enjoying the event to the limit. During the afternoon games and conversation furnished amusement and a sumptuous dinner was served. When the guests departed it was with the hope that their hostess may have many more such pleasant anniversaries.

Pleasant Event At Morrow Home.

Mrs. W. E. Morrow was very pleasantly surprised Sunday by a large number of her relatives and friends, the day being her birthday. There were about thirty-two present and they took along with them large baskets filled with good things to eat. Dinner several hours were very pleasantly spent with games and music. The guests departed late in the afternoon, wishing their hostess many happy returns of the day.

The guests were Mr. and Mrs. James Winner and children, Mrs. Maude Jarrett and little daughter Florence; Miss Mabel Allen of Arcadia; Mr. and Mrs. Harlow Winne and son William of Jacksonville; Mr. and Mrs. William Allen and family; Mr. and Mrs. Harry Koonitz and son Robert; Miss Rosa Wackerle, Mr. and Mrs. A. C. Watret and son Chester of Alexander; Sterling Andrews of Ashland; Mr. and Mrs. Reuben Young of Tallula, Mr. and Mrs. W. E. Morrow and family.

Strawn's Crossing Club Met Tuesday

The Strawn's Crossing Country club met with Mrs. J. W. Robertson yesterday afternoon. But few members were present because of the threatening weather. In the absence of the president, Mrs. Harry Martin, presided.

An interesting program was presented as follows: Juvenile Courts Paper—Mrs. Frank Hunter.

Associated Charities Paper—Mrs. William Cleary.

Roll Call—Discussion. The guests of the club for the afternoon were Mrs. Len Butler, Mrs. William Butler and Miss Leta Pyatt. The hostess served refreshments late in the afternoon.

The next meeting will be held at the home of Mrs. J. W. Rawlings.

FORMER RESIDENT IS VISITING HERE

Charles Thompson, mayor of Hazel Crest, Ill., with his wife and family and Mrs. Mary Thompson of Chicago are in the city visiting Mrs. Charles Dalrymple at 312 North Fayette street. Mrs. Mary Thompson is the mother of Charles Thompson and Mrs. Dalrymple. Mr. Thompson was formerly a resident of Jacksonville and florist at the State hospital here.

L. F. O'Donnell and family took in the state fair yesterday.

CAR TURNS TURTLE
ONE IS INJURED

Alonzo Campbell of Winchester Suffers Fractured Ribs—Is Patient at Passavant Hospital

A car containing Alonzo Campbell and his family of Winchester turned turtle when a tire was thrown in taking a corner. Mr. Campbell was pinned under the car and seriously injured but the rest of the party escaped any serious hurts.

Mr. Campbell and his family were enroute to Jacksonville when the accident occurred. Assistance soon reached the wreck and Dr. Brengle of Winchester was called. The injured man was rushed to Passavant hospital here where examination was made by having an X-Ray picture taken. He was found to be suffering with four fractured ribs and possibly other internal injuries. The full extent of his condition cannot be determined until later.

Greatly reduced prices prevail at FRANK BYRNS Hat Store during the Reconstruction.

SUFFERED ATTACK OF PTOMAIN POISONING

E. H. Ranson and family and Clarence Wolke had a narrow escape from ptomaine poisoning last Sunday when they were enjoying a private picnic near Chandlerville. The happy group was heartily enjoying a picnic meal when one by one they became ill.

At first they thought that it was due to the water that they were drinking but it was found that Mrs. Ranson had not drunk any of the water. Clarence Wolke was soon in a very serious condition and the prompt arrival of a physician probably saved his life. The other members of the party were in a condition but little less serious.

TWO COUPLE MARRIED HERE SATURDAY

Rev. D. V. Gowdy has been doing a rushing business at the Centenary parsonage on East State street. He has had two marriages in the last two days.

Bryan Knowles of Chandlerville and Ada Belle Sherren of Virginia were united in marriage Saturday afternoon. The wedding was witnessed by two Jacksonville residents as the couple was unattended. The other marriage was that of Jacob Roller, Jr., of Fogarty, Ill., and Bernice Goldie Richards of Bartonville. The couple was attended by Newton Shanks and Miss Winifred Winton. The party departed for Springfield immediately after the ceremony.

INVITATIONS BEING ISSUED

Invitations are being issued for the marriage of Miss Catharine DeMotte Carter, daughter of Mr. and Mrs. T. P. Carter, to Mr. Edgar Arthur Decker. The wedding will take place at the bride's home on Lincoln avenue Wednesday evening September 7, at 7:30 o'clock.

From Fifth Avenue FASHION PAGEANT A GREAT SUCCESS

New York's fast-growing prestige as a fashion center is justified in the advance glimpse of fall fashions by Hickson, Fifth Avenue. The street costume is of brick wool velour trimmed in bands of skunk. A novel skirt is curved upward in front and at the back center. The skirt and the large bell sleeves—also curved—are outlined by two rows of skunk. The "chocker" collar is also of this fur which is used to catch the effect at the sides. The large black velvet hat, slightly turned back in front, is outlined with jet at the edge. A large black jet ornament falls to the right shoulder from beneath the brim.

GYPSIES INFEST SPRINGFIELD ROAD

Several reports of gypsies on the state road to Springfield tell of unusual audacity on their part. They have everything worked out to a fine system. They pick out some car with a few occupants and on a lonely part of the road and draw their cars abreast of the road so that the traveler cannot pass. Then the women all clamor to tell the fortunes of the travelers and try to divert their attention in this way while the men rifle everything that they can get their hands on.

Several Springfield cars have been stopped with varying degrees of loss to the occupants. In one case the spot light on the car was even made off with.

The same stunt was tried on Lloyd W. Brown, it is reported, but he threatened them with a gun before they got very near and succeeded in getting thru without being stopped.

TO CONSTRUCT LOCKS AT STARVED ROCK

Will Result in Development of Fine River Lake—Work of Excavation Already in Progress.

CHICAGO. — Development of one of the finest river lakes in the state which will vie with all others as a place for motor boat and yacht races, will follow construction of the new locks and dam in the Illinois waterway at Starved Rock, according to announcement here of M. G. Barnes, chief waterway engineer. The lake will be twelve miles long, a mile and a half wide and from 8 to 20 feet deep, stretching from Marseilles past Ottawa to Starved Rock.

Plans of Mr. Barnes for this next step in building the Illinois waterway have just been completed. Work on the waterway is now being centered on excavation at Marseilles, where work is 45 per cent completed. It will be completed by next March.

Location of the Starved Rock and the City of Ottawa on the new lake, Mr. Barnes said, will make it one of the most beautiful in Illinois. Actual construction of the locks and dam will be at the foot of Lover's Leap, which adjoins Starved Rock. Here a Tainter Gate type dam, 650 feet long will be built, extending half way across the river.

Next to the dam and extending 500 feet to the locks, will be a power house. Electricity from this plant will operate the locks, and the excess current will be sold to the highest bidder. Nine miles from Ottawa, the plant is within ideal distance for public utility service there. It is also just one and a half miles from Utica.

Skirting the river at 2,000 feet opposite Lover's Leap will be the piers. Between these piers and the power house, a lock with miter type gates will be constructed with 600 feet usable length, and 110 feet wide. Capacity of the lock at each operation will be 9,000 tons, equal to the total load of ten freight trains, Mr. Barnes said.

Audience Completely Filled the Opera House — Enjoyed Both Displays and Program.

The fashion pageant, sponsored by the Shanken store and given under the auspices of Rebekah lodge No. 625, drew an audience which packed the Grand Opera house to overflowing Tuesday night. The program with its music and various special features, afforded the audience great pleasure, to say nothing of the interest that all had in the display of women's wear.

A number of the best known and most comely young women of Jacksonville served as the models and cloth dresses, silk street dresses, suits, blouses, afternoon and evening gowns, fur, cloth and evening coats were shown. The displays with the various numbers of the program. Mr. Shanken in arranging for the pageant, used dresses and coats from his own store and others secured in St. Louis. A number of the handsomest imported garments used in the St. Louis style show were worn by the Jacksonville young women.

After the overture by the orchestra a novelty dance was given by Misses Betty Palmer, Grace Tilton, Dorothea Wall and Eugenia Woodman, and it was exceedingly well done.

Mr. Albert Strasser, whose baritone voice is always heard with pleasure, sang a solo and then Miss Jane Wright of Murrayville gave a whistling and reading number which the audience appreciated.

Naturally a great deal of interest attached to the appearance of Mary Belle Carpenter of Alton, child musical prodigy. A story about this little performer appears in another column.

Mrs. Beulah Coddington's solo was received with great favor and then she sang an encore. Mrs. Coddington's voice is of wide range and rich in quality and during her residence here has gained rank as one of the most thoro musicians that the city has known. Her second group of songs was received with equal favor.

A violin solo was played with fine effect by Mrs. Maude Botkins Strang and for her encore number the familiar strains of "Home, Sweet Home" were heard.

Miss Betty Palmer presented a fancy dancing number, which was given with a grace worthy of any stage. Still another program feature was the reading, "A Mustard Plaster" by Miss Jane Hessler, and it was well received.

The program was presented under the management of Mr. Nat Gordon of New York City, who announced the models as they appeared and also the several numbers of the general program. The models who displayed one at a time and then in groups. The spot light was used effectively and the lighting effects and stage arrangements were of a kind to make the pictures beautiful indeed. The young women who served as models were as follows:

- Mrs. George Orear.
- Miss Ida Widmayer.
- Miss Goldie Kohlenbrener.
- Miss Hazel Widmayer.
- Miss Clara Russell.
- Miss Stella Hayes.
- Miss Louise Trask.
- Mrs. Herman Cohen.
- Miss Lura Wiswell.
- Mrs. Paul Strawn.
- Miss Hazel Strawn.
- Miss Dorothy Wall.
- Miss Grace Tilton.

No more handsome group ever appeared in a city style pageant. Members of Rebekah lodge No. 625 were thoroughly interested in the preliminary arrangements for this fashion event. Mrs. Myrtle W. Tandy was one of those most actively engaged in the preliminary work, but numerous members of the lodge showed their enthusiasm.

The ushers who handled the audience were Misses Louise Wood, Lucile Straight, Elizabeth Barr, Mida Brown, Mittie Godfrey, Alma Smith, Helen Goveia, and Eunice Williamson.

Mr. Shanken and Mr. Gordon said last night that they wished to express to the models, the members of the lodge, those who appeared in the various numbers and to the public their deep appreciation for the interest and co-operation which made the style pageant possible. So many people were unable to gain admission to the opera house that there were numerous requests for a repetition of the pageant, but Mr. Shanken decided that would not be feasible.

NEW BUILDING TO BE READY

Superintendent of Schools H. A. Perrin has received a letter from the American Seating company which has the contract for placing the seats in the new high school building, to the effect that the seats will all be in place by September 1.

This was welcome news to Mr. Perrin and his associates as it was feared that it might be necessary to continue the arrangements in vogue for the past two years for the Senior and Junior schools.

Registration week for the high school is that of August 29. It is also announced that the grade school will convene at 9 o'clock and the senior and junior high schools at 8:45 o'clock.

The displays with the various numbers of the program. Mr. Shanken in arranging for the pageant, used dresses and coats from his own store and others secured in St. Louis. A number of the handsomest imported garments used in the St. Louis style show were worn by the Jacksonville young women.

After the overture by the orchestra a novelty dance was given by Misses Betty Palmer, Grace Tilton, Dorothea Wall and Eugenia Woodman, and it was exceedingly well done.

Mr. Albert Strasser, whose baritone voice is always heard with pleasure, sang a solo and then Miss Jane Wright of Murrayville gave a whistling and reading number which the audience appreciated.

Naturally a great deal of interest attached to the appearance of Mary Belle Carpenter of Alton, child musical prodigy. A story about this little performer appears in another column.

Mrs. Beulah Coddington's solo was received with great favor and then she sang an encore. Mrs. Coddington's voice is of wide range and rich in quality and during her residence here has gained rank as one of the most thoro musicians that the city has known. Her second group of songs was received with equal favor.

A violin solo was played with fine effect by Mrs. Maude Botkins Strang and for her encore number the familiar strains of "Home, Sweet Home" were heard.

Miss Betty Palmer presented a fancy dancing number, which was given with a grace worthy of any stage. Still another program feature was the reading, "A Mustard Plaster" by Miss Jane Hessler, and it was well received.

The program was presented under the management of Mr. Nat Gordon of New York City, who announced the models as they appeared and also the several numbers of the general program. The models who displayed one at a time and then in groups. The spot light was used effectively and the lighting effects and stage arrangements were of a kind to make the pictures beautiful indeed. The young women who served as models were as follows:

- Mrs. George Orear.
- Miss Ida Widmayer.
- Miss Goldie Kohlenbrener.
- Miss Hazel Widmayer.
- Miss Clara Russell.
- Miss Stella Hayes.
- Miss Louise Trask.
- Mrs. Herman Cohen.
- Miss Lura Wiswell.
- Mrs. Paul Strawn.
- Miss Hazel Strawn.
- Miss Dorothy Wall.
- Miss Grace Tilton.

No more handsome group ever appeared in a city style pageant. Members of Rebekah lodge No. 625 were thoroughly interested in the preliminary arrangements for this fashion event. Mrs. Myrtle W. Tandy was one of those most actively engaged in the preliminary work, but numerous members of the lodge showed their enthusiasm.

The ushers who handled the audience were Misses Louise Wood, Lucile Straight, Elizabeth Barr, Mida Brown, Mittie Godfrey, Alma Smith, Helen Goveia, and Eunice Williamson.

Mr. Shanken and Mr. Gordon said last night that they wished to express to the models, the members of the lodge, those who appeared in the various numbers and to the public their deep appreciation for the interest and co-operation which made the style pageant possible. So many people were unable to gain admission to the opera house that there were numerous requests for a repetition of the pageant, but Mr. Shanken decided that would not be feasible.

NEW BUILDING TO BE READY

Superintendent of Schools H. A. Perrin has received a letter from the American Seating company which has the contract for placing the seats in the new high school building, to the effect that the seats will all be in place by September 1.

This was welcome news to Mr. Perrin and his associates as it was feared that it might be necessary to continue the arrangements in vogue for the past two years for the Senior and Junior schools.

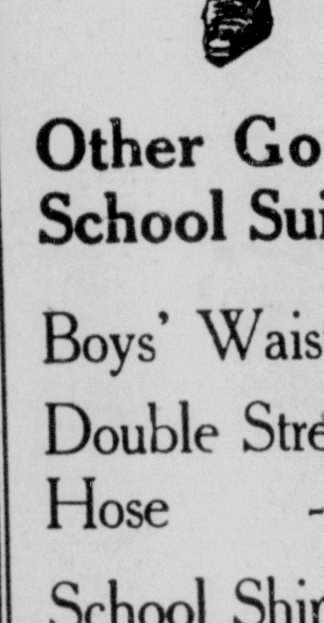

Registration week for the high school is that of August 29. It is also announced that the grade school will convene at 9 o'clock and the senior and junior high schools at 8:45 o'clock.

CONCORD BOY

KILLED BY LIGHTNING

Pleas Beets, of near Concord was struck and instantly killed by lightning about 2 o'clock yesterday afternoon while he was using a manure spreader on the Beets farm. Help soon reached the un-

fortunate boy but he was beyond all help. Dr. Johnson of Concord was called and pronounced the boy dead. The body was lifted out of the manure spreader and taken to the Beets residence.

The coroner's inquest was held at the Beets house and the verdict reached that Pleas Beets was struck and killed by lightning.

WONDERFUL GAIN IN WEIGHT MADE

Young Woman Only Weighed 75 Pounds—Now Weighs Over 100 and is Gaining Every Day

"Before I began taking Tanlac I only weighed 75 pounds. I now weigh over one hundred and am gaining every day," said Miss L. Rue Davis of Chattanooga, Tennessee.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not eat anything. I fell off until I only weighed 75 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say that it is the only medicine that has ever done me any good."

Tanlac is sold by leading druggists everywhere.—Adv.

WALTER B. MISER ACTIVE IN OKLAHOMA

Former Resident Taking Prominent Part in Business and Civic Life of Drumwright.

In a recent issue of the Drumwright Oklahoma Derrick is a write-up of Walter B. Miser, who was for several years general manager of the local utilities of the Illinois Traction System.

Some years ago Mr. Miser went to Drumwright as general manager of the Oklahoma Gas and Electric company plants located in that city. That he is the same genial, whole-souled fellow and still has all of his ability as a mixer is borne out by the article.

Mr. Miser is past president of the Drumwright Rotary club and president of the boy scouts council. He is also an ardent supporter of the baseball team which is a member of the Western Association.

In all other activities of the city Mr. Miser evidently has taken part. Also he has built up the business of the company and in other ways has become a valuable citizen in his new home. All of this will be welcome news to the many friends he has in Jacksonville.

BURIED TREASURE IS NOT YET FOUND

Papeete, Tahiti.—Stolen gold plate, ingots and jewels, believed buried on the South Sea island of Pinaki in the Paumotu group, near here, evidently have not been found, as was reported some time ago, according to word received at Papeete.

An expedition organized to go to Pinaki to get the treasure has, after several weeks away, returned to Papeete empty handed. While there are reports that the location has been established and another expedition with diving apparatus will return to the island, opinion is that nothing will come of it.

The story of the buried gold was one of the many of its kind. It was said the treasure was stolen half a century ago from a Peruvian church, carried across the Pacific and hidden on the island. Some years ago, the reports say, an aged sailor, one of the original robbers, made known the location of the valuables just before he died in Sydney, N. S. W.

ADVOCATES CO-OPERATIVE CLINICS FOR DENTISTS

Milwaukee, Wis.—The problem of giving good dentistry to workmen at lower prices is one of the great questions confronting the profession. Dr. Henry L. Banzhaf of Milwaukee told the National Dental Association here.

He advocated cooperative clinics as a solution.

"The average American workman should be able to buy honest dentistry at a reasonable fee," Dr. Banzhaf said.

"Better dentistry at lower fees can only be accomplished when a group of dentists, each a specialist in his field comes together in a centrally located cooperative dental clinic."

"Each dentist must operate in his chosen field only, thus increasing his efficiency 40 per cent, because he does only the work he is best qualified to do."

Dr. Banzhaf said the Milwaukee industrial dental clinic was proving a success. This does work for industrial establishments with which it has agreements.

MAN CAUGHT IN ATTEMPTED FORGERY

Adolph Barnes, Alias Claude Doorty Taken Into Custody—Tried to Pass Check With W. D. Loneragan's Name Signed to It.

Adolph Barnes, alias Claude Doorty, was taken into custody Tuesday morning as he was attempting to cash a check for \$10 at the Ayers National Bank with the name of Walter D. Loneragan, the contractor, signed to it.

The young man who gives the town of Porterville, Mo., as his residence first tried to cash a check for the same amount at Schumm and Loneragan's billiard room. The check was made out to Claude Doorty and signed W. D. Loneragan.

So crude was the forgery that the firm refused to cash the check. The name of Mr. Loneragan was signed with a small "L" and the check was in every way one to arouse suspicion.

Evidently Barnes did not have enough sense to realize that his work was bad for he entered the Ayers National bank when it opened Tuesday morning, the

check being drawn on that institution and attempted to cash the check.

H. J. Rodgers, vice president of the bank whose attention was called to the check is familiar with Mr. Loneragan's signature. He immediately called the police station and the man was held thru some pretext until the arrival of Officer McGinnis who responded to the call.

Barnes was taken before Justice Opperman Tuesday afternoon and his bond was fixed at \$500. Being unable to give it he was committed to the county jail to await the action of the grand jury.

Miss Cloyd, Mrs. Corbridge and son Ralph and daughter Emma Louise and Margaret Curtis, have returned recently from an extensive vacation trip in Miss Cloyd's car during which they visited Niagara Falls, Toronto, Canada, and many other points of interest in the east. The party was gone about two weeks.

MES GROVES, JR. IS ALSO SHOOTER

James A. Groves, former President Here Ties for Third Place in National Junior Championship Shoot at Chicago.

CHICAGO, Ill., Aug. 23.—Nick le of Kingman, Ariz., won the American Amateur championship single targets in the classic shooting event at the Grand American Handicap trapshooting re today. He broke 1908 of a sible two hundred targets.

Mark Arie, Champaign, Ill., a other of the Arizona man and Killam of St. Louis, Mo., tied r the professional singles title th the same score.

Elmer Herrold of Ascum, Ill., 10 year old gunner shooting a big tourney for the first ne won the national junior ampship after an interest- race with 12 year old Jimmy

Bonner of New York City, state junior champion. The stars tied for honors with scores of 48 out of 50 from 16 yards. In the shoot-off at 20 targets Herrold dropped two and Bonner 3. Teddy Beem of West Frankfort, Ill., 1920 junior champion; A. McCabe, Petoskey, Michigan, and J. Groves, Jr. of Chicago, tied for third with scores of 42. M. G. Mueller, Jr. Chicago was next with 39.

R. A. King, of Delta, Colo., won the American Amateur championship at double targets after he defeated S. H. Sherman of Salt Lake City in the shoot-off.

Mark Arie of Champaign last year's Olympic champion, captured the American professional championship at double targets after the most interesting shoot-off of the tourney. Arie and J. R. Jahn of Long Grove, Iowa, tied with scores of 95, and it required four shootoffs to determine the winner. After both men had broken targets in three tests, Arie went 20 straight in the

fourth shootoff while Jahn dropped one target. In the Lake Michigan special 100 targets, 15-yard rise, four gunners went into a tie with perfect scores. The west's ten man team defeated the east in the east-west race, 975 to 959. Scores made in today's Lake Michigan special of 100 targets counted as team totals.

Among those who scored 99 in the Lake Michigan special III; T. E. Graham, Ingleside, Ill.; were: W. V. Jackson, Ingleside, and G. A. Smith, Marshalltown, Iowa.

RACES POSTPONED AT STATE FAIR

Governor Small Disappointed that No Races Were Run—Will Stay in Springfield Several Days.

SPRINGFIELD, Aug. 23.—A slippery track caused postponement of today's Great Western harness races at the Illinois State Fair Grounds track. Altho the afternoon was fair a morning drizzle made the track too heavy for racing. Tomorrow's races will start early to take in those which were on today's card.

Governor Small was one of the disappointed spectators today. He arrived at the fair late intending to see the last few heats. The governor came in while several performances were going on in front of the amphitheater and few in the crowd noticed his ar-

The governor plans to remain in Springfield during the fair and will then probably resume his roads tour.

ST. LOUIS DEFEATED NEW YORK 4 TO 7

New York, Aug. 23.—St. Louis made it three out of four from New York in winning the last game of the season here 10 to 7. The Giants battled Haines out in the first inning but could do little with Sherdel until the ninth when Kelly made his 21st home run of the season. The score:

RUTH MAKES TWO HOMERS FOR YANKS

Defeat Cleveland by Score of 6 to 1—Are Now Only One Point Behind.

CLEVELAND, O., Aug. 23.—New York today cut Cleveland's lead in the American League standing to one point by defeating the Indians 6 to 1 in the first of a three game series. Quinn was effective, the locals' lone score being the result of Smith's home run over the right field wall.

Ruth hit his 47th and 48th home runs of the season, in each instance driving in a runner ahead of him.

The Yankees drove Caldwell from the box in three innings but failed to do much with Mails or Morton. The score:

PHILADELPHIA BEATS WHITE SOX

Come from Behind and Win by Score of 6 to 5—Faber Has Two Bad Innings.

CHICAGO, Aug. 23.—Philadelphia came from behind today and defeated Chicago 6 to 5 in ten innings. The locals took a four run lead off Moore and added another run off Rommell before he settled down and pitched air tight ball. Faber suffered two bad innings, the visitors tying the count after two men were out in the seventh. Daring base running by E. A. Collins who singled in the tenth and scored on Dugan's double after two were out gave Philadelphia the winning run. The score:

SMITH SIGNS NEW PLAYERS

Devlin, Zell and Dickson Taken on by Index Manager—Clark Comes Back for Rest of the Season.

Manager Frank Smith of the Indexes announced last night that he had signed Devlin, Zell and Dickson of the White Sox for the remainder of the season. The new men will appear for their first game with the Indexes Sunday.

Smith also announced that Harry Clark who caught for the Roodhouse team last Sunday had rejoined the Indexes and will finish out the season here. This will give news to the fans and will give the Indexes a strong lineup.

Zell, Dickson and Devlin are strong players and give promise of developing into some of the best local talent that Jacksonville has ever seen. They are all young and comers and will make a good combination in the Indexes lineup.

Next Sunday the Indexes will open a five game series with the Jacksonville Browns, the local colored team. The Browns have been playing some good baseball this season and expect to give the Indexes a run for their money. September 4 and 5 the Indexes play at Roodhouse. Smith also has a game booked with the Springfield colored giants and hopes to entertain Myers Brothers here before the season finally closes.

EMMA HARVESTER UPSETS THE DOPE

POUGHKEEPSIE, N. Y., Aug. 23.—Emma Harvester, by The Harvester, out of Adicio Dillon for which W. R. Cain of the Good Time Stables of Goshen, N. Y., paid \$20,000 a fortnight ago, captured "The Knickerbocker" 2:08 trot the feature event of the opening day's card at the Grand Circuit races today. Pittman piloted the mare to a straight heat victory over a classy field and hung up the fastest time of the day 2:07 1-2 in the first heat.

Colorado, Cox's entry generally looked upon to win, could do no better than second in the first heat and third in the second when he was pocketed and narrowly escaped a collision with Walnut Frisco as the latter went into a bad break in the last hundred yards.

Tommy Murphy uncovered a new star when he drove Petrosky to a straight heat victory in the first division of the 2:21 trot, the son of Peter The Great showing his heels to Worthy Etawah and Altoquesto. Worthy Etawah captured second money.

Two Breeder's Club sweepstakes were also decided, Serrill and Helen Dillon winning that for two year old in straight heats, with Dorothy Harvester second and Peter Ulster third. Tom Ackerman driving his first race of the year on the circuit, accounted for three year old event pilot Stella Wood to a split heat victory over Pop Geers. Geers took the second heat by a nose forcing Ackerman's entry into a break just before the finish but Ackerman turned the tables in the deciding mile.

REDS WON FROM BROOKLYN 7 TO 2

Brooklyn, Aug. 23.—Cincinnati took its last game of the season in Brooklyn today 7 to 2, in 10 innings. Mitchell and Donahue were equally effective until the 10th when the Brooklyn pitcher went to pieces after Umpire Klem reversed a decision on a close play at third. Griffith's home run in the seventh tied the score for Brooklyn. The score:

WILLIAMS' HOME RUN WINS AGAIN

Duplicates Feat of Monday and Phillies Win By Score of 1 to 0—Pitchers' Duel Between Meadows and Freeman.

Philadelphia, Aug. 23.—Cy Williams duplicated his feat of Monday by driving the ball over the right field wall for a home run today and gave Philadelphia a one to nothing victory over Chicago. Honors were even in the pitching duel between Meadows and Freeman. The contest gave Philadelphia the series.

Daily Market Report

ERRATIC MARKET IN GRAIN FUTURES

By Associated Press.

CHICAGO, Aug. 23.—An erratic market in grain futures was the greater part of the day, with reports of local sales of 8,000 bushels of wheat to export interests. The close showed net gains of 3 to 1c in wheat, but corn was unchanged to 1c lower and oats unchanged to 1c higher. Provisions advanced from yesterday's decline, the options ranging from unchanged to 20 points higher. Wheat started with a moderate firm undertone due to heavy sales to exporters after Monday's close. The initial bulge brought out selling orders which caused a setback but the offerings were absorbed readily. Fluctuations continued along these lines the greater part of the session, trading being mainly local. Some buying of September and selling of December was noted.

Toward the finish the buying power improved on the breaks and the export business figures stimulated it further.

Corn was generally lower despite Monday's export business at the seaboard of around two million bushels and local sales today of 200,000 bushels to the same account.

Hot weather southwest which was calculated to mature the crop rapidly was a factor in this development.

Oats exhibited a fairly strong undertone but trade was limited and the range of prices narrow. Shipping demand was reported slow in this grain but country offerings declined.

Provisions withstood a further break in live hog prices mainly because packing house reserves were moderate buyers of lard. The trade extended to

CASH GRAIN REPORT

By Associated Press.

CHICAGO, August 23.—Cash corn basis was up 1c today and oats were also firmer. Wheat was unchanged. There was considerable buying of grain to go to store, the records showing 260,000 bushels of oats and 50,000 of wheat for that purpose. Some of the oats were bought for Milwaukee, cash interests there evidently accumulating them for storage. Export sales included 800,000 bushels of wheat and 200,000 of corn. Domestic buyers took 62,000 wheat, 182,000 corn and 138,000 oats.

Car lot receipts, wheat, 375; corn, 497; oats, 115; rye, 20; barley, 18.

OPEN EVENINGS TILL 9 O'CLOCK

FAREWELL DINNER IS GIVEN AT CONCORD

Ladies Aid of M. E. Church Planned Pleasant Event in Honor of Rexroat Family, Soon to Leave for Jacksonville.

Friday morning about 11 a. m., several cars stopped in front of the Rexroat home in Concord, and about 25 people, mostly ladies, proceeded to take possession of the property. This group was none less than the Ladies' Aid of the M. E. church, so of course they carried with them baskets bowls and dishes filled with the most precious of earthly treasure, real food.

Immediately, some of the hungrier ones found work in the kitchen, and soon a faint odor could be noticed in the air. No one spoke of this, but in their hearts and stomachs they felt the delightful feel of "we don't have to drink water." Soon the table (which had been stretched the limit) began to groan, for on it was bean salad, fried chicken, good milk gravy, pickles of all sorts and sizes, croquettes sausage and in fact everything that hungry Methodists could wish for. After the first table full was filled up, and a very important telephone call attended to the younger generation began their attack upon the remnants. More fried chicken appeared from the cupboard, a wonderful chocolate pie, which everyone had missed appeared on the scene of action, and a large angel food cake, (the last five slices of which at least had been very closely guarded.) Some very kind individual brought forth brick ice cream and all fared well until another telephone message was received, which received due attention.

Pictures were taken, dishes washed, an exploration party visited the new school building, then all sat down in the yard to enjoy the breeze and have a little chat.

About 5 p. m., all of the good ladies journeyed home to cook a delicious supper for each and every old man who had not been invited. A good time was enjoyed by all, and each one expressed

WOMEN WHO OVERWORK

"Man may work from sun to sun, but woman's work is never done." In order to keep the home neat and attractive, the children well dressed and tidy, women continually overdo and suffer in silence, drifting along from bad to worse, knowing full well that they need help to overcome the pains and aches which daily make life a burden. Lydia E. Pinkham's Vegetable Compound is a medicine with specific value which overcomes many of the worst forms of female complaints, as the letters constantly being published in this paper will prove.—Adv.

The lucky ones of the crowd hurried home, ate a bite (some did, some didn't) and then went to Arenzville to hear Mr. Linton and do their bit in a revival campaign in the little city in the valley. Among those who attended the revival Friday evening were: Mr. and Mrs. Roy Crouse, Dorothy Blimling and Grayce Rexroat, Rev. and Mrs. Symons, Mrs. Plank and Lorena; Mr. and Mrs. George Hacker and family; Mr. and Mrs. Joe Ray and family; Miss Hazel Ater, Veryl Hall, Mr. and Mrs. William Mallicoate and family; Mr. and Mrs. C. REV. J. F. LANGTON ON THE CHAUTAUQUA

Trinity Rectory, City. August 22, 1921.

Editor Journal:

Dir Sir:

As one deeply interested in the welfare of our city may I give you some impressions I received of our "chautauqua?" It is the merest platitude to say "It was the best ever held in Jacksonville or perhaps in this part of the state." It was so incomparably superior to chautauquas in other states—and I have visited many that I desire to point out some of the salient features which deserve recognition. First:

I note the splendid spirit of kindly co-operation, the determination to make everyone present to enjoy himself. Each apparently yielding to others, the office of hospitality, service and welcome.

Second: The remarkable community spirit shown in the singing, the response to the appeals of the speakers for civic betterment, and the outlook for our future.

Third: The high class entertainment presented. It is difficult to particularize but a programme that includes Dr. Parkes Cadman, probably the foremost preacher in America; Dr. Lichliter, Senator Spencer, The Chicago Operatic company, Dr. Charles A. Gage, Roco, and Morgan's Rainbow Division Band, needs no further comment, almost anyone of these names would indicate it's superior excellence.

Fourth: The Red Cross Pageant. Will you consider it extravagant to say: This was the week's "Crowning glory." It was impressive, educational, inspiring. Rarely have I seen a great audience so entranced, enthused. To the more than 200 men, women, boys and girls who so well sustained their parts all honor and praise is due—the entire action from first to last was perfect—now I would like to name some of the participants, but the list would be almost endless, inclusive. How the pageant demonstrated the ability of our people.

There are other impressions I would like to note but my letter is I fear, too long. Will you pardon and Mrs. Epler left this morninging the management.

It was ideal—This includes everyone from the president down to the youngest boy scout. I am aware they do not like any reference to their work. I write as an outsider. To me it was one of the outstanding praises. The wonderful perfection of detail insuring the success attained in a sure next year's chautauqua will receive the financial support that should be given so beneficent an institution.

Yours truly,

J. F. LANGTON.

GLASSES

To wear glasses unsuited to your appearance is unnecessary and unwise. Men, who are particular about their appearance, often wear unbecoming glasses. In my shop you will find glasses which harmonize with your individuality. If you wear glasses or are about to wear them may I suggest that you concern yourself for a moment with what is best in glasses.
